Karma Points are earned by completing wishes. There are 3 different types of Karma. Earthquakes, lightning and wind. The earthquake makes the lower screen shake and cash in money bags falling from the sky. Each Cash in Money Bag contains about 100 simoleons. The earthquake can also cause things like sinks, televisions, showers, etc. To break. It can also cause fire (depending on how strong it is used and only on your home lot). Lightning Karma Power allows you to control other Sims, including yours. You can do a lot of things depending on how strongly you do the power. You can electrocute sims, energize them, go turbo, nausea, shock etc. And finally, the wind. It leads to a storm. Causes garbage to be blown over the place and maybe a bad smell. To access Karma Powers tap on the stick with small stars icon. (It's just below the info icon). You can only use the powers when the game is in play. It will not if the game is paused. More information about How to use Karma PowersFun times to be had in ArcadeEasy Money The following tricks will enable you to get money easily in The Sims 3 for 3DS. It is recommended that before you try what you save the game. Start by entering the Buy mode and select the most expensive item you can afford. Once you have purchased it place it where you want. Now select the items tab on the right side of the screen so that you're returned to the page from which you purchased your item. The item you previously purchased is still selected. Do not press anything other than the Buy button. You will now discover that the game will still allow you to buy the item again even if you can't afford it. You can continue to repeat this trick to continuously buy the desired item so that you can then sell it for money. Once you have raised a lot of money this trick will no longer work.
